CARE

Lacquer Gloss

Lacquer is an extremely durable and hard-wearing finish; however it is prone to scratching. Be cautious of anything hard objects on/around the lacquer item that can cause scratches.

Lacquered products should only be cleaned with a yellow duster and a wax free cleaner, such as spray Windolene. Any minor blemishes can be removed with Duraglit or 'T' cut and then polished with a wax-free polish.

Should any chips, gouges or stubborn scratches occur, the finish can be repaired by our workshop. Please contact sales@studio-atkinson if you wish to book in a repair (charges will apply).
